AIRSTAR
SPIRIT OF FREEDOM

clearsphere

main features

- > One version air-inflated (built-in fan)
- > One version sealed (no fan)
- > Clear and resistant material
- > Indoor or outdoor use

why should you have the clearsphere?

A spectacular product: The Clearsphere is a very versatile product, whether in its applications (decoration, communication, artistic performances) or in its uses (on the ground or on water). Thanks to its unusual design, this balloon allows you to stand out on many events.

Customization: Clearsphere balloons are customizable thanks to vinyl graphics or by projection of light.

Airstar know-how: The strength and structure of its materials make the Clearsphere an ultra strong product (use on water, shock resistant).
