AIRSTAR
SPIRIT OF FREEDOM

gala

main features

- > Helium-inflated balloon
- > Halogene lamps (graduable)
- > Can also be air-inflated when suspended
- > Indoor use only

why should you have the gala?

Versatility: Both in its uses (lighting, communicating, signaling, decorating), as in its target markets (receptions, festivals, showrooms etc.).

Customization: The Gala is customizable thanks to the colored, embroidered or printed slipcovers, and the vinyl graphics.

Branding: The chic and sleek design of the Gala allows you to highlight your logo and also stand out for all types of events.
