**AIRSTAR**

SPIRIT OF FREEDOM

# stars

## main features

- > Air-inflated lighting balloon (built-in fan)
- > Pole mounted or hanged from ceiling
- > Indoor or outdoor use
- > Compact-fluorescent lamps

## why should you have the stars ?

**A perfect decoration:** thanks to their refined design, the Stars are adaptable to all festive environments, whether it is a dining room, a wedding, a reception, or a festival.

**A customizable product:** the Stars balloons are available in many sizes (on request). They are also customizable thanks to the color printed envelopes and to vinyl stickers.

**A versatile balloon:** Stars balloons can be used either at a corporate party of a large global group, or at a particular wedding or at a festival.
