**AIRSTAR**  
SPIRIT OF FREEDOM

# crystal RGBW

## main features

- > Air-inflated lighting balloon (built-in fan)
- > Pole mounted or hanged from ceiling or truss
- > Indoor and outdoor use
- > White LED (WW) and coloured LED (RGB)

## why should you have the crystal RGBW ?

**Airstar innovation.** Airstar is the first one to offer a white and coloured (RGB) LED lighting balloon, DMX controlled.

**All-in-one LED lighting balloon: lighting and decor.** The Crystal RGBW answers all needs when it comes to event lighting. Very versatile, it can light up a space (thanks to white LED) as well as it can decor this same space (thanks to RGB LED). It is also 100% customizable (logos, themed envelopes...).

### Tailor-made light show

The DMX control box of the Crystal RGBW offers an infinite lighting customization. Indeed it has 40 pre-set colour modes and 4 do it yourself modes which are 100% customizable. The Crystal RGBW also has an autonomous mode working with a timer, which enables to pre-set the light show before the event. All modes can be controlled through a remote (scope: 50 m).

## markets

### Social events

Cocktails, parties, diners

### Fashion

fashion shows, photoshoots

### Festivals

concerts, arts, culture

### Sports

Championships, tournaments, races

### Hospitality

Hotels, bars, restaurants

### Business

Seminars, trade fairs

### Branding

Showroom, street marketing, product launch

## main strengths

### > All-in-one

Lighting balloon with white LED and coloured LED (RGB)

### > Tailor-made light show

Infinite lighting customization thanks to the control box and its many options

### > DMX control box

40 pre-set modes, 4 customizable modes, timer...

### > Flicker free and quiet

Can be used on broadcasted events

### > Remote control

A remote can manage the control box (scope: 50 m)

### > Packaging

Light and strong black trolley box

### > LED technology

Low consumption and longer lifetime (> 50 000 h)

### > Customization

Branding and signal thanks to printed covers, slipcovers and vinyl graphics

> **All-in-one:** from a white lighting to a coloured lighting in one wink, thanks to the control box, the DMX mode, or the remote.

# crystal RGBW

## packaging

Shock-proof trolley box  
81 x 47 x 35 cm

## accessories

- > Stand
- > Spandex base cover
- > 2 batteries for autonomous use:
  - 1 colour (red, green or blue): 20 h
  - white: 8 h
  - all colours + white: 4 h

## customization

- > Vinyl graphics
- > Colored slipcovers
- > Digitally printed envelopes
- > Other envelope shapes :  
Diamond, Egg, Star, Can, Heart, Rugby

## technical data

Lamps	6 x white LED (WW), 6 x colour LED (RVB)
Luminous flux	WW LED: 21 000 Lm RGB LED: 4 300 Lm
Lamps lifetime	> 50 000 h
Power for each module	WW LED: 23 W - RGB LED: 20 W
Total power	300 W - 1.4 A
Total power for a generator	0.5 kVA
Power supply	100-240 VAC 50/60 HZ
Restrike time	instant
Noise level	49 dB
Colour temperature	from warm white to cold white
DMX control	yes
Flicker free	yes
Envelope sizes	130 cm, 160 cm, 200 cm
Standard envelope shape	sphere
Weight of the balloon	9 kg
Weight of the control box	3.9 kg
Wind resistance	Up to 70 km/h
Safety	IP 54
Quick set-up	< 15 minutes
