#WeAreAirstar

Airstar is the inventor and leading manufacturer of inflatable lighting solutions.

Over the last 25 years, our balloon lighting products have been adapted to meet the needs of a variety of industries from events and film to rescue operations and construction safety.

Our products not only look beautiful, they also produce a light quality that cannot be duplicated by traditional lighting systems.

The creativity and flexibility of our lights have earned us a strong reputation for innovation and dependability.
